Innovative Economics Coaching and Consulting for Students and Professionals

At EconCoach, we specialise in providing expert economics coaching and consulting services that help students and professionals achieve success in their studies and careers.

We are committed to fostering excellence and innovation in economics education through our collaborative, active, technology-enhanced, and personalised teaching and learning approach. With our proven track record of helping students improve their grades, gain admission to top universities, and secure high-paying jobs, you can trust us to help you unlock your potential in Economics.

Our coaching centres, located in Rose Hill (just a 5-minute walk from the Rose Hill Metro Station) and Long Mountain (on the first floor of Anys bookshop), offer an engaging and interactive learning experience for our students.

Whether you're looking to gain a deeper understanding of economics concepts, enhance your analytical and problem-solving skills, or advance your career prospects, EconCoach has the expertise and resources to help you achieve your goals. Contact us today to schedule your first session and start unlocking your full potential in economics!

Services

For Students:

- **Econ Learning Workshop:** We provide weekly learning workshops to students in Grade 9 through Grade 13 who are preparing for the NCE exam, O level, IGCSE, AS, and A Level Cambridge International exams. Each session is 1.5 hours long and we use cutting-edge technology and active learning strategies to comprehensively cover the syllabus. In addition, we provide customised notes for each topic to further enhance students' understanding of the subject matter. To track progress and provide feedback, we conduct regular assessments throughout the term.
- **Econ Exam Preparation Workshop:** This workshop is ideal for final year students who are looking to excel in their economics exams. The workshop covers essential skills such as time management, note-taking, memorisation, and exam writing techniques specific to economics. Students will learn how to write, analyse, and evaluate different types of economics questions. The duration of each session is 1.5 hours.
- **Econ Research Workshop:** We offer personalised coaching and consulting services to support university students in completing research projects and producing high-quality academic writing.

For Professionals:

- **Research and Consulting:** We provide research and consulting services to individuals and organisations seeking in-depth insights on topics related to economics. Our services include economic impact assessments, market research, feasibility studies, and policy analysis.

Please feel free to contact us to inquire about the fees for our workshops and services, as they may vary based on the type of service or workshop you require.

Meet our founder and principal instructor

Dr. Rajiv Nathoo, our founder and principal instructor, is a highly qualified instructor and consultant in economics, with over 15 years of experience. With an undergraduate honours degree, a master's degree, and a PhD in economics, Dr. Nathoo brings a wealth of knowledge and expertise to his teaching.

His teaching style is interactive, engaging, and tailored to the needs of each individual student, creating a supportive and inclusive learning environment where everyone can thrive. He uses technology to enhance the learning experience, providing students with access to a range of resources and tools to support their learning. Whether you are new to the subject or an experienced professional, he will work with you to develop a personalised learning plan that meets your specific needs and goals.

"Dr. Nathoo is a rare combination of being well-read in his field and an excellent tutor. His approach to teaching economics was engaging and practical, utilising interactive discussions and exercises rather than just dictating notes. His analytical skills have proven invaluable to me beyond my HSC years, helping me excel at university and in my current work. Economics need not be daunting with the right teacher, and Dr. Nathoo is definitely one of them!" –

Vegen Soopramanien
(Laureate, Economics side, 2015)

"Working with Dr. Rajiv Nathoo was a game changer for me during my A-levels. His personalised approach to coaching allowed me to fully grasp complex economic principles. His extensive exam practice sessions were invaluable in developing my exam techniques and ultimately contributing to my success in achieving good grades in Economics. I am grateful for the opportunity to work with such a knowledgeable and supportive tutor." –

Khoosboo Goolaub
(ranked 10th, Economics side, 2018)

"Dr. Rajiv Nathoo's Economics classes were an absolute game-changer for me. His dedication to ensuring that I fully grasped each chapter was truly commendable. The exam practice sessions were particularly helpful, as Dr. Nathoo's personalised attention and coaching on proper exam techniques helped me achieve excellent grades in Economics. I am incredibly grateful for his unwavering commitment to my academic success and would highly recommend him to anyone seeking exceptional Economics education." –

Sakshee Protaub
(ranked 17th, Economics side, 2022)

"Dr. Nathoo was an exceptional Economics teacher for both my O and A levels in high school. His classes were memorable for his quick-witted humour and celebration of academic achievements and life events. His notes allowed students to pay attention and improve memory retention, his mock exam sessions developed critical thinking skills, and his hybrid teaching approach facilitated student autonomy. I highly recommend Dr. Nathoo for anyone looking to excel in Economics, enjoy class, and acquire skills for the future." –

Tavisen Veeramoothoo
(Laureate, Economics side, 2017)
